## **Professional Summary**

Junior Data Analyst with hands-on experience building automated data pipelines, KPI dashboards, and report automation using Python, SQL, Power BI, and AWS. Comfortable consolidating data across finance, billing, HR, marketing, and production to support data-informed decisions. Eager to apply my skills in clean analytics, reliable ETL, and data storytelling to help drive business intelligence and support key strategic goals.

## **Professional Experience**

### **Junior Data Analyst | Baumer S.A. (July 2025 – Present)**

- Monitor and analyze financial and operational KPIs; deliver insights for monthly meetings.
- Consolidate data from Controllership, Finance, Billing, HR, Marketing, and Production for presentations and decision-making.
- Develop automated ETL pipelines in Python (Pandas) and SQL; maintain data quality and reliability.
- Create interactive Power BI dashboards with DAX and API integrations, including tolerance alerts.
- Automate recurring reports, significantly reducing preparation time.

### **Data Analysis Intern | Baumer S.A. (November 2024 – July 2025)**

- Supported KPI monitoring and consolidation of cross-departmental data for executive reviews.
- Assisted in building Python (Pandas) and SQL data pipelines and documentation.
- Contributed to Power BI dashboard development (DAX) and simple API data extractions.
- Helped automate recurring reports and streamlined manual tasks.

### **E-commerce Assistant | O Pescador de Ofertas (January 2024 – May 2024)**

- Managed shipping and post-sales processes via ERP, ensuring SLA compliance.
- Created SQL queries and Excel consolidations for order and invoice analysis.
- Developed an internal Python tool to centralize and streamline processes.

### **Youth Apprentice | SENAC – GoodBom Supermercados (July 2021 – December 2021)**

- Rotated through Inventory, Restocking, Customer Service, and E-commerce.
- Enhanced communication and service quality in customer-facing activities.

## **Education**

**Bachelor's Degree in Systems Analysis and Development | FATEC Arthur de Azevedo (January 2024 – December 2026) — In Progress (Evening)**

**Technical Course in Internet Informatics | ETEC Pedro Ferreira Alves (June 2022 – December 2023) — Completed**

## **Certifications**

**Data Analyst Associate** — DataCamp (Issued Sep 2025 · Expires Sep 2027 · Credential ID: DAA0018156556523) [\[View Credential\]](#)

- TOEIC (Score: 910/990 points) — ETS
- Advanced English (Cambridge Method)

## **Volunteer Work**

- United States (2021 – 2022): Community services and event coordination at Our Lady of Victories Church under Father Adam Urbaniak — Pascagoula, Mississippi.
- Brazil (2024): Pastoral support and publication review for Father João Bosco Cortes Rego.

## **Skills & Tools**

- Data wrangling & ETL: SQL (modeling, ETL), Python (Pandas, PySpark)
- BI & visualization: Power BI (DAX), API integrations; report automation; Power Automate
- Data engineering foundations: Apache Airflow, Apache Spark, Databricks, AWS (S3, EC2, IAM)
- Advanced Excel, cross-sheet querying
- Effective communication and teamwork; insight generation and decision support

## **Soft Skills**

- Critical thinking and problem-solving
- Time management and prioritization
- Adaptability and flexibility
- Proactivity and initiative
- Empathy and negotiation
- Resilience under pressure
- Curiosity and continuous learning

## **Languages**

- Portuguese: Native
- English: Fluent
- Italian: Intermediate
- German: Basic

## **Military Service**

Exempted from compulsory military service.
